301 Gayatru Jayaram Apts.
Street No.14 Nagarjuna Nagar
Secunderabad, Andra Pradesh 500017 INDIA

Dear Professor A Rujulu

CHARTERED ENVIRONMENTALIST

Firstly, can I congratulate you on your award of Chartered Environmentalist. Through your application you have clearly demonstrated the professional knowledge, experience and commitment to apply sustainable thinking through your daily working life and you have earned the right to use the post nominals CEnv after your name.

I am delighted to enclose your signed certificate, confirming your status as a registered Chartered Environmentalist together with your CEnv badge which I hope you will wear with pride.

Being a Chartered Environmentalist demonstrates that you share our goal - to help society move towards a more sustainable environment and to champion environmental professional standards. We cannot achieve sustainability as individuals alone, but as professionals working together we can make a very real difference.

Over the past year CEnvs have collectively lobbied the government on key policies, demonstrated the importance of sustainability to a wide range of employers and decision makers and championed sustainable living across local communities. Collectively you are a powerful-force for change.

Keep in touch

At SocEnv we work hard to give our registered environmental professionals a strong voice and positive profile. We arrange events and activities that enable you to come together with Chartered Environmentalists from a broad range of sectors.

Website and Newsletter

The best way for us to stay in touch with you is through our website and regular newsletter. We have a dedicated area on the website for our CEnvS. In order for us to include you we will need your email address. The Society takes data protection seriously and will never share your address with anyone else, only contacting you with information relevant to your SocEnv registration.

As a Chartered Environmentalist, you receive full access to SocEnv.org.uk. Alongside forums and blogs, this also includes a public profile, which people can search for. This serves as a directory of Chartered Environmentalists (these functionalities will be made available at the end of the year).

You can update your profile by logging into the SocEnv website at www.socenv.org.uk and selecting 'Edit My Profile'. You can choose how much information you'd like to share. Your new login details are as follows:

Username: AR9175

Password: bX4oEDa5XW

There is a LinkedIn group for Chartered Environmentalists
<http://www.linkedin.com/groups/Chartered-Environmentalists-4882829>

You can also follow SocEnv on Twitter @SocEnv_HQ

Please remember that to keep your CEnv status you need to keep up your membership of the professional organisation through which you registered. Your certificate remains the property of the Society for the Environment and must be returned to us should your registration lapse. I am always happy to hear from Chartered Environmentalists with suggestions and comments.

Yours sincerely

Dr Peter Matthews CBE HonFSE CEnv
Chair of the Council
